

## Flex Bon Seamless Flooring / Request a Quotation

Please use this list to review the variables that determine the cost of a seamless poured flooring project. When you're completed this form, give us a call at **(888) 331-3860** and we'll be able to provide a customized quotation based on your specific project needs.

**Square Footage** (Length x Width = Area) \_\_\_\_\_

### Existing Subfloor

- a. Concrete
- b. Plywood
- c. Particle Board/OSB
- d. Linoleum/Vinyl Tile
- e. Ceramic Tile\*
- f. Tongue and groove hardwood\*
- g. Other (Please Specify) \_\_\_\_\_

\* Please Note: Flex Bon is not recommended for use over this type of subfloor.

### Condition of Existing Subfloor

- a. For concrete floors
  - 1. Is the finish rough or smooth?
  - 2. Is the concrete sealed or painted?
  - 3. Any oil or grease on the floor?
  - 4. Cracks or seams that may move due to temperature changes?
  - 5. Large cracks or spalled areas which need to be patched?
  - 6. Water migrating up from underground (not due to condensation)?

- b. For plywood floors
  - 1. New or existing plywood?
  - 2. Is there any movement along seams where sheets meet?
  - 3. Any other concerns? Please specify \_\_\_\_\_

- c. Linoleum/Tile floors
  - 1. Is the linoleum/tile down very well now on the subfloor?\*

\* Please Note: It is strongly recommended that linoleum/tile be removed from existing floors unless it is in excellent condition.

- d. Does the area where the floor is have heat?
  - 1. Yes
  - 2. No
